ROSCOE, TEXAS 79545
(325) 766-3652

Parents,

Your child may have an illness that requires medication for relief or cure that does not prevent his or her attending school. When possible, such medication should be scheduled to be taken at home. However, according to Texas State Legislature, and ISD Board of Trustee policy, a medication may be dispensed to a student by school personnel. The following requirements must be met by the parent or legal guardian requesting this service.

1. **Prescription or non-prescription drugs** that need to be taken at school for 15 days or less.
   a. All prescription drugs must be in their original pharmacy container and labeled by the pharmacist. The label must include:
      1. Student's name
      2. Name of prescribing health care provider
      3. Name of drug
      4. Amount of drug to be given and frequency of administration
      5. Date prescription filled

   b. All non-prescription drugs must be in their **original container**. The written request for administration of these must contain the following information:
      1. Student's name
      2. Name of drug
      3. Amount of drug to be given
      4. When drug is to be given
      5. Reason drug is given
      6. Date
      7. Signature of parent or guardian

   c. All prescription and non-prescription drugs to be administered at school for 15 days or less must be accompanied by a **written request, signed and dated by a parent or legal guardian.** (Form attached)

2. **Prescription or non-prescription drugs** that need to be taken at school for **more than 15 days.**
   a. All prescription and non-prescription drugs to be administered at school for longer than 15 days must be accompanied by a **written request signed and dated by the prescribing health care provider and the parent or guardian requesting this service.** (Form attached)

To comply with Texas State Law, the following restrictions apply to the taking of medicine by students while at school:

1. All medicine is to be brought to and kept in the school nurse's office.
2. Prescription and non-prescription medicine must be in the original container. Prescription medicine must be in a container with the pharmacy label for that student.
3. If a prescription or non-prescription medicine must be given during the school day, it must be accompanied by a note signed by a parent or guardian giving authorized school personnel directions for its administration (time and dosage).
4. School personnel will not give any medicine, including Tylenol, unless it is provided by you, in the appropriate manner as stated above.

These restrictions are necessary for protection of the health and safety of your child. We will appreciate you cooperation in this matter.

Sincerely yours,

Kaylie Skoviera, LVN
School Nurse
